We are pleased to offer you an internship with Trajectory Minds Software Solutions as a **Full Stack Developer Intern** in the **Engineering** department. This letter sets out the key terms of your internship. Your acceptance of this offer confirms your agreement to these terms.

1. Internship term. Your internship will begin on **16th September 2026** and will continue for a period of three months, unless ended earlier in accordance with this letter. Any extension must be confirmed by the Company in writing.

2. Work arrangement. The internship is remote. You are expected to maintain a suitable workspace, reliable connectivity, and professional availability during agreed working hours. You must also remain reasonably flexible to work remotely, in a hybrid arrangement, or from a Company-designated office in the future, as required by Company norms and business needs.

3. Responsibilities. You will support the Engineering team in the development, testing, maintenance, documentation, and deployment of full-stack software features, and undertake other reasonable assignments connected with your learning and the Company's business. You will follow reasonable instructions, meet agreed timelines, and maintain professional conduct.

4. Stipend. You will receive a stipend of Rs. 5,000 (Rupees Five Thousand only) per month. The stipend will be paid monthly through the Company's usual payment process. This stipend is not a salary and does not create an entitlement to employee benefits, bonus, leave, gratuity, or any other employment-related benefit.

5. Working time and attendance. Your expected working hours, meeting schedule, and communication channels will be communicated by the Company. You must keep the Company informed of planned absence and promptly notify it of any circumstance that materially affects your availability or work.

6. Confidentiality. During and after the internship, you must keep confidential all non-public information relating to the Company, its customers, partners, products, systems, processes, finances, and personnel. You may use such information only for authorised internship work and must not disclose it to any person without the Company's prior written permission.

7. Intellectual property. All work products, including code, designs, documentation, inventions, improvements, data, reports, and other materials created, developed, or contributed to by you in connection with the internship will belong exclusively to the Company. You agree to execute reasonable documents needed to confirm or protect the Company's ownership.
