EDUCATION

Amrita Vishwa Vidyapeetham

Bachelor of Technology in Computer Science and Engineering

Bengaluru, India

2022 – 2026

SUMMARY

Computer Science undergraduate skilled in Java, MERN stack, RESTful APIs, and data structures with hands-on experience in full-stack web development and scalable application design. Passionate about backend development, problem solving, and building efficient software systems using modern technologies.

PROJECTS

SketchForce AI – Forensic Suspect Identification System

May 2026

JavaFX, Spring Boot, AWS Rekognition, SQLite

[GitHub](#)

- Built a forensic suspect identification system using JavaFX and Spring Boot.
- Developed secure login, OTP authentication, and SQLite-based user management modules.
- Integrated AWS Rekognition and AWS S3 for facial recognition and cloud-based image storage.

AI-Powered Dental Diagnosis and Appointment System

Oct 2025

React.js, Node.js, Express.js, MongoDB

[Live Demo](#) — [GitHub](#)

- Developed an AI-based dental diagnosis platform using image analysis and chatbot interaction.
- Built REST APIs for appointment scheduling, symptom analysis, and patient management.
- Designed a responsive full-stack web application with secure backend integration.

EV Charging Station Routing Optimization

May 2025

Python, Graph Algorithms, Data Structures

[GitHub](#)

- Built an electric vehicle routing system using graph algorithms and shortest path optimization.
- Implemented Floyd-Warshall, Bellman-Ford, Johnson's, and Yen's algorithms for efficient route computation.
- Optimized navigation using charging station availability and traffic-based route selection.

TECHNICAL SKILLS

- **Programming:** Java(Primary), JavaScript (ES6+), C Programming, C++ (Basic)
- **Web & Backend Technologies:** React.js, Node.js, Express.js, RESTful APIs, HTML5, CSS3
- **Core Computer Science:** Data Structures and Algorithms, Object-Oriented Programming (OOP)
- **Databases:** MongoDB, Mongoose
- **Authentication & Security:** JWT Authentication, bcrypt Password Hashing
- **Tools & Platforms:** GitHub, Linux, Visual Studio Code (VS Code)

CERTIFICATIONS

- **Ultimate Web Development Course 2026 - Build Modern Websites:** MERN Stack [Udemy](#)
- **Java Programming – Beginner to Master:** (Core Java Programming) [Udemy](#)
- **Claude Code 101:** AI-Assisted Development Workflow [Anthropic](#)
- **Oracle OCI Generative AI Professional:** — Generative AI and LLM Concepts [Oracle](#)
- **Deloitte Data Analytics Virtual Experience:** Data Analysis and Visualization [Deloitte](#)
- **C and C++ (Beginner to Advanced):** Problem Solving and Programming Fundamentals [Udemy](#)

PUBLICATIONS

- **AI-Powered Dental Diagnosis and Appointment System:** ICIRSET 2025 [Certificate](#)
- **Real-Time Web Chat Application with Live Performance Metrics:** ICCCNT 2025 [Certificate](#)
